ARREST OF THE NEGRO WHO RE-CENTLY COMMITTED AN OUTRAGE UPON A YOUNG LADY AT MORRIS-VILLE.—Our readers are already apprised of the recent brutal outrage perpetrated upon a Miss Haley, at Morrisville, in this county, by a young negro man named John Allen Blake, the fiend only succeeding in accomplishing his purpose after having severely choked and otherwise seriously hurting the young lady. Since that time squads of men, both white and black, have been in search of Blake, the whole community being thoroughly aroused, and it was thought that when taken

he would at once be lynched, so intense was the feeling against him. Wednesday night about 12 o'clock he was found by a squad of five whites and three colored men, while he was sleeping on the piazza of the store of Mr. Wm. Wheeler, at Holly Springs, some fifteen miles west of some jobs, Mr. W. notknowing him. The parties finding him not desiring to "lose" him, quietly carried him to Apex, on the Augusta Air-Line Railroad, and boarding the Eastern bound train yesterday morning and brought him to this city and lodged him in Wake county jail, where he will await the slow process of law before he expiates his hellish crime. He has confessed committing the deed, and does not seem to either care for the result or to realize the actual heinousness of what he has done. It is even claimed that be endeavored to capture another white girl near Holly Springs on Wednesday, but that she escaped from him; we do not youch for the truth of this. Blake is about 22 years of age, of

moderate size, black complexioned, and has a most indifferent look. We learn that Miss Haley, the young lady outraged, is in a critical

by an Outsider. We give space, without any apology for so doing, believing that the subject will be read with interest by our readers, to the following extract from a lengthy article in the last New York South upon North Carolina, written by Mr. Woodward, the talented and pleasant Southern editor of that paper. He thus treats of Raleigh & Gaston Road and of Raleigh:

RALEIGH AND GASTON RAILROAD This railway is the senior of all the railroads in North Carolina. In referring to the

EARLY HISTORY

of this enterprise, we find that in the session of 1835, of the General Assembly of North Carolina, an act was passed, incorporating the Raleigh & Gaston Railroad Company, for the purpose of constructing a railroad from the city of Raleigh to a point at or near Wilkin's Ferry on Roanoke river, now called Gaston.

GEO, W. MORDECAI, ESQ., was chosen President, a man of great and extensive knowledge and experience, he gave the enterprise his unremitted attention, and by his judicious management and great skill contributed much towards the speedy and faithful execution of the work. Immediately after the organization of the Company,

MR. CHAS. F. M. GARNETT was appointed Engineer, and Moncure Robinson, of Philadelphia, Consulting Engineer. Mr. G. formed his Engineering corps and continued the work of locating the route. Seyeral routes were surveyed, and much time was consumed in satisfying land owners that this road would increase, instead of depreciate, the value of their property, until finally to the entire satisfaction of all, the line was made from the Roanoke at Gaston, passing Littleton in the lower parts of Warren county on the ridge dividing the waters of Roanoke from those of the Tar, presenting for forty miles a surface unparalleled in any of the upper or middle regions of the State. This was at that time known as the Chalk Level Route. The location, as subsequent years have disclosed, was judiciously made, the revenue arising from the transportation of the productions of the fertile counties of Warren, Franklin, Granville, Orange day evening for Chatham and will was given out to contractors, but

EMIGRATION from this country to the West and Southwest, making it difficult to procure the desired number of laborers. The direct communication between North and South was by means of a line of stages from Gaston via Warrenton, Louisburg and Raleigh to Fayetteville, thence connecting with the main Southern line. As fast as the railroad was completed the stage line connected with the railroad and travel was materially improved, and immediate benefit derived from the road not only to the interests of the stockholders but the section of country through which the road passed. Emigration ceased, lands advanced in value, and a new era dawned upon this whole section. It was at this time, 1837, proposed to extend this line from Raleigh to the South Carolina line, in the direction of Columbia, and there connect with the great Charleston and Cincinnati route, completing the line of railroad communications between New York and the Southern cities along what was

then known as the METROPOLITAN ROUTE.

It was considered politic and to the interests to consolidate the Raleigh and Gaston Road with the proposed road from Raleigh to Columbia, but nothing definite was done in this direction, and the road to Columbia remains unbuilt; however it is hoped the Raleigh and Augusta Air Line will eventually be constructed, and the original designs of the projectors of the Raleigh and Columbia Railroad carried out.

We find that the Raleigh and Gaston Railroad was completed and opened]

To Littleton, 10 miles, in May 1838. " Ridgeway, 30 miles, in July 1838. "Henderson, 42½ miles, in Sept 1838. "Franklin, 58 miles, in Nov. 1839. "Wake Forest, 70 miles, Mar. 1840. "Raleigh, 85 miles, in April 1840.

The total cost of construction and

equipping the road amounting to

\$1,343,380. At this time the condition of the Company was an embarrassing one, the original capital fixed was too small, and like all public improvements, exceeded greatly the estimate. But this condition of affairs did not long remain. The State guaranteed the bonds of the company, which were easily negotiated, and the road relieved of its temporary embarrassment. In this year, Geo. W. Mordecai, Esq., resigned the Presidency and Samuel F. Patterson, Esq., was elected to fill the vacancy. which position Mr. Patterson filled until 1844. He was zealous, efficient, and untiring in his efforts to promote the interest of the road, and to sustain it through all its trials and difficulties. In 1844 Jas. Wyche, Esq., and W. Hollister, Esq., were Presi this city, he having the day before dents, Mr. Hollister serving also duhired himself to Mr. Wheeler to do ring the year 1845. Wm. Boylan, Esq., was President in 1846, and Thomas Miller, Esq., in 1847 and 1848, and R. O. Britton, Esq., in 1849. During these years the Raleigh and Gaston Railroad continued opetions under the most embarrassing circumstances. In 1850 Major W. W. Vass was appointed President, who served until 1852. In spite of seemingly insurmountable difficulties and obstacles, the trains were run with remarkable promptness, and the business, both in passengers and freight, largely augmented, and at the close of 1872 we find the old Raleigh and Gaston Railroad has triumphed over her difficulties, the darkest hours are over, and her existence saved by the strictest princi-ples of justice. In 1852 George W. Mordecai, Esq., the first president of the road, was again elected to the same office, serving until 1853, when Mr. L. O'B. Branch was chosen president, Mr. Branch serving until

lands, entering the town of Weldon on the west side of the depot. In 1855, E. A. Crudup, Esq., was Presi-dent; in 1856 R. A. Hamilton, Esq., served as President, and in 1857 and 1858 Dr. W. J. Hawkins filled this office. In 1859 Gaston H. Wilder. present time. except during 1866, when R. W. Lassiter, Esq., filled the office, by appointment of the Provisional Governor of the State, the old officers not being considered loyal. The advantage derived from this rail-road has not been stationary; it has been cumulative and progressive. Advantages showing themselves to a discerning people, have been availed of, and greater exertions put forth by them than ever before. This road, from its completion up to the present time, has thrown open the country as it were by magic, affording to the people an outlet for all their products. From its completion it shed a lustre upon the

old North State, which time has brightened, as it rolled on, with more and more effulgence. There hae been a laudable competition as to the improvement of land in quality and quantity, and who shall make the most to an acreand with the least laber. This spirit has dignified the agricultural calling, and in this sec-tion placed the skilful, diligent and practical farmer, where he well de-serves to stand, in the most exalted station among his fellow men. Having briefly alluded to the past history of the Raleigh & Gaston Railroad, we propose now to speak of the country through which it passes, the productions of the country, with short descriptions of the country and towns on the line of this road, and what may seem to us to be the future of

this great enterprise. The Raleigh and Gaston railroad forms a very important link in the direct route of a parallel road between the North and South. Commencing at Weldon in Halifax county, North Carolina, on the south side of the Roanoke river, the line follows the and Ridgeway. At Ridgeway the roads bears southward passing through Henderson, Kittrells, Franklinton, to Raleigh, the distance being ninety-seven miles. The elevations above tide level on this railroad at the

above points are as follows: Littleton, 380 feet; Macon, 389 feet; Warrenton, 551 feet; Rideway, 415 feet; Henderson, 505; Kittrells, 417 feet; Franklinton, 417 feet; Wake Forest, 384 feet; Raleigh, 320 feet. The trackway of the road is in

good order. The depots are all well kept and sufficient for the business of the road, except the one at Raleigh. A new depot, better located and arranged, commensurate with the increasing business of the company, is very much desired at this

EXTENSION.

The Rale & Augusta Air Line R. R., now completed to Sanford, in Moore county, is owned almost entirely by the Raleigh and Gaston Railroad Company, and it is pro posed at an early day to extend it to the Carolina Central Railroad, running from Wilmington Charlotte, and thereby open up a large portion of the State now cut off from railroad facilities, and make a shorter line to Charlotte than the North Carolina Railroad. The prospects of this company for the future are good, and by extending the Raleigh and Augusta Air Line road it will greatly improve the property of the Raleigh and Gas-

OFFICERS. The present officers of the Raleigh and Gaston and Raleigh and Augus ta Air-Line Railroads are Dr. W. J. Hawkins, President; Captain A. B. Andrews. Superintendent; Major W. W. Vass. Treasurer.

DR. W. J. HAWKINS.

We have previously stated that in 1857 and 1855 Dr. Hawkins was president of this road; that he was reelected in 1860, and has served as president ever since, with the exception of 1866. Dr. Hawkins, although well advanced in years, is more active than a majority of his juniors by several years. He is a good scholar, a well read farmer, and an able railroad manager. His vivacious spirit and strong will enable him to transact business rapidly, and he accom-plishes as much in the same space of time as any of the great railroad presidents of the North. Dr. Hawkins possesses great openness of character, entire freedom from all disguise, and his plainness of speech is sometimes mistaken by those who do not know him, but those who are well acquainted with him and know his real character know how to appreciate this frankness. Doctor Hawkins is ever alive to the interest of his road, and is considered one of the most active, reliable and faithful railroad men in the South. CAPT. A. B. ANDREWS.

Capt. Andrews is comparatively a young man. He was appointed Su-perintendent in 1867 by the Board of Directors. He is greatly esteemed his good sense and sound judgment make him a safe railroad man. All the employees of his road pay great deference to his opinions. The fruits of his labors are abundantly seen in the improvements on this road since he assumed the superintendency, MAJ. W. W. VASS.

Major Vass has served as treasurer of this road since 1845, with the exception of the years 1850-'51, when he was president of the road. The symmetry of his character is such that we hardly know whether to admire most his punctuality, his sound judgment, his generosity and his kindness, his fervent piety, or his conscientious discharge of duty, all

At Raleigh, tourists, pleasureseekers, commercial travelers, and, in fact, the public generally, will find as good hotel accommodations as at any point between the cities of New York and New Orleans. The enlargement and renovation of the far-famed Yarboro' House, commenced in the winter, we notice is fast approaching completion. When these improve-ments are completed, this hotel will contain one hundred and fifty large and well ventilated rooms, with all the modern improvements, and for convenience and comfort cannot be excelled in the South. Doctor Blacknall knows the wants of the public, and will spare neither expense nor pains in making all comfortable who favor him with a visit.

Although the Reverend gentleman had only a day's notice, he acquitted himself in a manner that instructed and delighted his audience and stamped him as one of the fore-

most pulpit orators of North Carolina. The exercises were begun by singing the hymn, "In the cross of Christ I Glory." The choir sang splendidly, and showed itself skilled in the divine art of music. After the hymn the 1st Chapter of Romans was read, and prayer offered by Rev. Dr. Toy, of South Carolina, then the hymn, "Must Jesus bear the cross alone.

Text: "God forbid that I should glory, save in the cross of the Lord Jesus Christ." The sermon, though showing great familiarity with the best thoughts of the historians who have written on subjects either sacred or secular, was not a mere display of learning, as sermons delivered on such occasions too freequently are, but abounded in practical christianity and pathetic appeals to the audience to lead better lives, to live for higher purposes-for Jesus, that

when we are taken from earth we

may be purified, exalted and given the power of appreciating the wonderful love, mercy and wisdom of God. The speaker learnedly contrasted the philosophy and religion of the ancients with that of the present day, and feelingly and eloquently portrayed the fallacy and immorality of the one and the beauty, advantages and glory of the other. The christian religion was declared to be superior to all others; first, in its revelation of knowledge and blessings to humanity; second, in the morality it inculcates; third, in the beneficence of its spirit; fourth, it presents a way of salvation that commends itself to humanity in the dignity and efficiency of the means of its accomplishment. All of these points were dwelt upon briefly, and convincingly presented. The purity of Christ's life while on earth, and the grandeur of his death were presented in a manner both novel and overwhelming. The purity of Christ's life, his agony upon the Cross, indeed his whole life, present themselves to our reason and overcome the inherent alienation of the human heart. But space nor time allows the pleasure of giving an elaborate account of this truly interesting discourse. The sermon was closed with the beautiful and simple, yet grand, story of the Cross.

THURSDAY.

A large crowd was present to-day, large numbers not being enabled to get in the Chapel. The exercises were of a very interesting character. The Salutatory was delivered by Mr. F. R. Underwood, of Johnston county the Valedictory by Mr. A. C. Dixon, of Cleaveland county; the Orations by Messrs. W. D. Gulledge, of Anson, A. C. Dixon, of Cleaveland, G. W Purifoy, of Chapel Hill, and F. R. Underwood, of Johnston; and a German speech by Mr. W. D. Gulledge, of Anson. After which the Presi-dent, Dr. Wingate delivered a most appropriate and sensible address to the graduating class.

The day was exceedingly warm but this did not prevent the Chapel from being crowded throughout the

THE Era of this city has gotten itself into trouble by its support of the Holden bolting wing in opposition to the action of the Radical Executive Committee. The New North State and the Era are now reading each other some mild lessons, and the New North State tells the Era that it has bolted from the party. This is hard upon the "central organ."

THE KEMPER-MOSBY difficulty which has recently loomed up in Virginia, and which has caused much feeling in that State, is likely to be settled by Governor KEMPER at once. The Governor is absent from Richmond, but in a dispatch to his Private Secretary he says:

"I will effectually dispose of the little Wedderburn fiasco when I return to Richmond, and in due time."

THE fever of running as "independent candidates" prevails to no inconsiderable extent in the West in both parties. We cannot conceive the cause of this madness for office, even at the sacrifice of party, unless it be the terrible thirst for money which now pervades the country. We would advise these "friends of self" to take a few doses of the resolution adopted by the State Executive Committee upon this subject.

A GENTLEMAN writing us from McDowell county, and referring to the nomination of Maj. A, M. ER-WIN for the House of Representatives, says:

"We have at last prevailed on Mc-Dowell's favorite son to accept a nom-ination for office. He has fought valiantly for the Democratic party since 1866, as many men whom he has met in discussion will recollect. The West is all right—Col. Tate, from Burke, Maj. Erwin, from McDowell, Cont. T. D. Lebert, 1981, 198 Capt. T. D. Johnston and Mr. Patton, from Buncombe. These gentle-

THE telegraph failed to inform us of the fact, but we learn that Congress, just previous to its adjournment, made an additional appropriaion of \$150,000 to the building of the Government Post Office in this place, making a total appropriation of \$350,-000, which will, we presume, be enough to complete the building. The work of laying the stone foundation is now progressing, and we learn the whole work is to be pushed forward with all possible speed.

"The last North State has n't got a word to say about its candidate for Congress? How is this? Was the subject exhausted in the first effort? We submit it is hardly fair to drop him so suddenly and so early in the campaign. Let us hear some more about his "genius and undoubted natural abilities."-Greensboro

We rather think the editor of the New North State had all he could swallow in giving BILLY HENDERson an endorsement when first nominated.

THE 1st of July is semi-annual dividend day, when millions of dollars will be paid in interest. Where all this money is to find safe and profitable investment is a question not easy to decide. The New York Express says that with so much capital scattered all over the country, and interest so low on all money put out on call, with the grain crops full of promise, and the cotton crop to be, in all probability, far more than we anticipated six weeks since, there is every reason to hope for a better state of business in the coming autumn than the country has enjoyed in any season for the two years past.

MANY of the leading and knowing Republicans of the State now acknowledge that the Democrats will carry the State this summer overwhelmingly. We do not think they are willing to claim any other than the Second Congressional District. The general demoralization and quarreling in their own ranks only needed the weight of the Civil Rights measure to effectually break the back of the party. The Democratic-Conservative party of the State only have to make an honesteffort for the next six weeks and they will be enabled to carry the State and to forever destroy the strength of Radicalism in North Carolina.

The General Farming Interests of the State and the Present Pros-

Never since the late war have the cotton-growing sections of North Carolina felt so keenly the effect of hard times, brought about by the low price of the staple and the ruinous system adopted by too many farmers of staking their all upon the growth of cotton, and subjecting themselves to the enormous per centage which they are thus compelled to pay for the necessaries of life that should be grown at home. From these facts many farmers this year not only found themselves deeply in debt, but were actually unable to obtain the means necessary for the prosecution of their farming interests the present season. Notwithstanding this, however, we are glad to learn than an honest and earnest effort has been made to overcome these evils by hard work and the exercise of the most rigid economy, and the general crop prospects in Eastern Carolina are considered good. Where the cotton and corn crops have received proper care they are doing well, and we may hope for a good yield should the seasons continue good. We trust the severe practical lessons which our farmers have received as the results of the blind folly that have actuated them will not be lost in the future. for no section or country can prosper without a thorough system of independent farming-let our farmers learn to rely upon themselves,

much good results. The tobacco-growing sections, while they have felt severely the general depression in the money market, have not suffered to such an extent, and we are pleased to learn that the crop prospects are good.

and our word for it they will realize

As we advance West into the graingrowing sections, and away from the cotton mania that has so nearly destroyed the East, we find our people better off; indeed, in some sections the pressure of hard times has been but little felt, while in some counties farmers are considerably ahead, those of one county alone having some half-million dollars deposited in the Charlotte banks, and the crop prospects of this season are good. These facts should teach a lesson to our more unfortunate farming friends of the East, many sections of the latter having superior land and better facilities for the growth of both grains and grasses than the West.

Taking a general view of the State. we are led to believe, notwithstanding the present ills under which the State generally is groaning, that, with the continued exercise of economy and a proper diligence, there is prosperity in store for us another year. Ifour farming communities can once get their heads above board, the sad lessons of the last few years will have proved a schooling that will yet make North Carolina the peer of any other Southern State in the advance-

ment to wealth and prosperity. With an honest government, which North Carolina will have after the next general election, and with our farmers self-reliant, North Carolite may get about of her cousts to the per val.

Independent Candidates

The Charlotte Observer continues to deal heavy blows at "independent" candidates. Says the Obser-

"We believe that Independent candidates are entirely in the wrong; and we shall not hesitate to say so. And we are happy to know that nearly all the Democratic journals in North Carolina hold to the same opinion, and are equally straight-forward in upholding what we believe to be right. This is highly creditable to the journals of the State, and our bright reward will be in having the proud satisfaction of witnessing a grand triumph for the Conservative Democratic Party of North Carolina in the August elections, and the complete and overwhelming defeat of the Republicans. Nothing should deter us from exerting our whole power in this glorious cause. The public will fully sustain us. The great masses of the Conservatives are as true as ever in their devotion to our party and the State; and they are not likely to be led astray by a handful of independents.

In another article the same paper

"Is it not a matter of fact that Independent candidates, in their private conversations and public speech es, are strangely silent on the Radicals? Do they not level all their abuse at the nominee of the Conservatives? And is it not true that these Independent gentlemen are aiming to catch the Radical vote? Oh, for shame, that ambitious politicians, professing to belong to the Conservative party of North Carolina, should thus "turn their guns" upon their friends, and beg the enemy to come over and support them in the attack! And for no other reason than simply to get office."

NEWSPAPER SUPPRESSION.

Violence Used Towards the Press in New Orleans—Attempted Scizure of the Bulletin-A Lawless Outrage Perpetrated in the Inter-est of Kellogg.

Special to the New York Herald,1

NEW ORLEANS, June 21, 1874. On Saturday night shortly after midnight, as the form of the New Orleans Bulletin were being carried to the pressroom under escort, two policemen suddenly presented themselves and obstructed the way, saying that they had orders to convey then to the Central police station. When asked by the attachees of the Bulle tin for their authority they said that they had no warrant, and refused to exhibit their badges.

A LAWLESS SEIZURE. The Bulletin men thereupon declined to be stopped, when one of the policemen blew a whistle and immediately twenty-five metropolitan police officers, armed to the teeth, rushed from their hiding places, and seizing the forms marched them off to the police station, where they were locked up in cell No. 1.

INSOLENCE OF THE POLICE. When Mr. Byerly, the proprietor of the Bulletin, arrived at the station house and demanded his property, it was flatly refused him, the officer in charge stating he was acting under instructions from General Badger, Chief of Police.

Byerly then asked if any charge had been made against him or any one connected with the Bulletin, or if any one had made an affidavit in reference to the property under

He was told that there was no charge and no affidavit; that the property had been seized upon the order of Badger and Police Justice MeArthur, and he was forced to withdraw.

THE BULLETIN ISSUED.

Through courtesies extended by T. . Tracy, editor of the New Orleans Republican, the manager and editors of the Bulletin were enabled to get out a partial sheet this morning. The paper contained six printed and two blank pages, closing with an editorial under the caption, "Another Mid-night Order—An Outrage on Ameri-can Liberty—The Press to be Bullied and Suppressed.' The Bulletin says:

"Whether Durell, Kellogg, Badger, or their underlings are implicated we cannot as yet say; but that this bold, audacious and villainous robbery on the highway, of a newspaper's material on its way to the press, was effected simply because of the Bulletin's daring and outspoken exposure of fraud and corruption is certain.'

A DELIBERATE CONSPIRACY. The circumstances that led to this unparalleled outrage upon the press were briefly these: The Bulletin, which has been outspoken and severe in its comments upom the Kellogg usurpation, is printed in the building formerly occupied by the New Orleans Herald, having rented the material belonging to the Herald Company, which was under seizure to satisfy a claim of one Houlihan. On Saturday this material was sold by the Bulletin, except the type, which was purchased by Houlihan at a price four or five times more than it was worth.

ATTEMPT TO GAG TRUTH. Houlihan demanded immediate possession, but finding that the type was mixed up with the "leads," &c., belonging to the Bulletin, concluded to wait. He subsequently made three several appointments with the sheriff to receive the type, but failed each time to present himself, and finally sent word to Mr. Byerly that he would not be disturbed until Monday. After all this he went to Mr. Badger, who, it is alleged, gave orders to his officers to take charge of any property which they might find upon the streets which was not in the custody of its owner. Armed with this vague order the police surrounded the Bulletin office and committed the outrage recorded above. Houlihan is a mere figure-head or pawn in this matter, being backed by Kellogg's officials, who have been bravely ex-

posed by the Bulletin. THE CITIZENS INDIGNANT. The greatest indignation is felt in the community, and hundreds of citizens have volunteered as a posse to assist the Sheriff in recovering the forms, which were still in his custody when seized. THE SHERIFF SECURES THE PROP-

ERTY.

LATER.—Sunday, 1 p. m.—Deputy Sheriff Dick, at 12 o'clock to-day, made a formal demand upon Badger for the forms of the Bulletin, and was told that they were at his disposal.

Judge McArthur states positively
that he did not issue an order for the seizure of the Bulletin's forms. It ton, from Buncombe. These gentled men will carry themselves and party candidates through—Col. Pool, Vance and Avery."

THE NEW BUFFALO SPRING, Mecklenburg County, Va.

This Spring, discovered since the last Summer, is shown by analysis, made by Professor Toury, of Baltimore, to contain a HEAVIER PER CENTAGE of the Bicarbonate of Lithia than any other AMERI CAN MINERAL WATER. In fact, it is the

Only Spring in America containing LITHIA in any substantial containing LITHIA in any substantial quantity. It is this ingredient which has given such celebrity to the "Aix-la-Chapelle," the Vichy and the Carlsbad waters of the continent of Europe. Professor George B. Wood, of the University of Pennsylvania, than whom there is no higher authority in the Medical world, says: "There is perhaps NO OTHER REMEDY from which

Equal Efficacy May be Expected, in the removal of the deposits of the Urate in the removal of the deposits of the Urate of Soda in the Joints, and ligamentous tissures in GOUTY patients, and in preventing the deposits in the KIDNEYS, BLADDER and URINARY PASSAGES."

Another distinguished writer says: "It (LITHIA) is peculiarly ada-ted to the case of persons suffering from or threatend with GRAVEL, STONE, GOUT, &c.; there is perhaps is perhaps

NO OTHER KNOWN REMEDY that promises GREATER RELIEF in such It may be fairly claimed then, that the NEW BUFFALO SPRING IS THE GREAT

Remedy of America in all this class of disease. Its curative in all this class of disease. Its curative power, however, is by no means limited to this class. Its action upon the LIVER is most decided, and it is believed in derangement of the billiary organs, to be second to no other Spring in Virginia.

A lady writes of the new Queen of the Sandwich Islands as follows: "I can't say what sort of a sensation she would create in Boston literary society; but to one accustomed to Hawaiin features and dusky skins, she makes a very pleasing picture. She is about thirty-years of age, a little above the average height, portly in person, and carries herself with a queenly diginity becoming her station, which dignity is entirely natural to her as it is to most of the Hawaiin women. She speaks so little English that she does not trust herself to use this language in company, so conversation is somewhat difficult, but her bright, pleased. intelligent expression makes up for a great deal else. She had a reception of the ladies of Honolulu at the palace a few weeks ago, and her manners were worthy of any in the land, while her dress was simplicity itself, but rich enough to suit her rank. In her younger days she was nurse to the son of the present queen dowager, and was said to be very beautiful. It was then thought that Kalakana lowered himself somewhat in marrying one below him in rank, but to my mind it was a very creditable thing, if he loved her, and I respect him all the more for it. I saw their majesties lately at a grand party given on board the Benecia, and on that occasion she looked a queen of whom her husband might surely be proud.

Resolutions Adopted by the State Executive Committee of the Democratic-Conservative Party

Plan of Organization. The State Executive Committee of the Democratic-Conservative party, held in this city on April the 16th, adopted the following resolutions and plan of organization. We give our hearty endorsement to the resolutions, and hope the recommendations to discourage all manner of disorganization in our ranks will be carried out to the fullest extent. We cannot have any independent action this Summer if we would succeed:

RESOLUTIONS. Resolved, That we deeply sympathize with the people of the West in their want of railroad facilities, and oledge ourselves to use every availaole means to secure the early completion of their projected lines.

Resolved, That the Republican party having despoiled the State of millions of dollars heretofore appropriated for railroad purposes, is un-worthy of public confidence, and that experience justifies the conclusion that if that party should be again entrusted with the administration of our internal improvements, its leaders would again prove recreant to their sacred trust, and would divert the publicfund to their private pur-

Resolved, That a wise policy dictates the adoption of such measures as may be necessary to increase the educational advantages of the children of North Carolina.

Resolved, That we earnestly recommend to the members of the Democratic-Conservative party to discourage independent candidates and all other disorganizers, and that all support be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our conventions.

Resolved. That we tender to the friends of Free Government our sincere congratulations at the triumph of the great principles of the Constitution as illustrated by the Democratic successes In the recent State and local elections.

PLAN OF ORGANIZATION. The following plan of organization of the Democratic-Conservative par-

ty was adopted: 1. The Executive Committee for the State shall consist as at present appointed, and shall have all the powers heretofore conferred upon it. 2. The Executive Committee for the Congressional and Judicial Districts shall continue as at present constituted, until regularly changed, and shall have general supervision of the affairs of the party in their respective districts.

3. In each county there shall be an Executive Committee composed of a Central Committee of not less than three members, and of at least one Committeeman from each township, This Committee shall, under direction of the County Convention, have entire control of county matters. It shall be their duty to see that all the details of the canvass are properly conducted: that the polls are attended by competent challengers, that each Conservative casts his ballot enjoined to take the necessary steps for the efficient organization of townships, and to seek by a wise adminis-

inspire confidence. 4. All Executive Committees are properly chosen by the Conventions held for the respective territorial divisions: but if for any cause there should be a failure by the proper Convention to appoint an Executive Committee, then the State Executive Committee may supply the deficien-

5. Nominations for County officers and members of the General Assembly shall be made by County Conventions: for Town and Town ship officers, by town and township conventions; for members of Congress and Judicial officers by the District Conventions.

6. All Conventions shall be open, and due notice of the time and place of convening the same shall be given. The resignation of Col. Walter Clark, as a member of the Executive Committee on account of his removal from Halifax, was read and accepted, and Dr. H. E. T. Manning, of Weldon, was appointed to fill the vacancy, after which the following resolu-

tion was adopted: Resolved, That this Committee adjourn to meet again in this city on the 10th day of June next, and that all the members be requested to at-W. R. Cox, Chairman. J. J. LITCHFORD, Secretary.

CURE FOR AGUE AND FE-VER IN ITS MOST STUB-BORN FORMS.

A SPEEDY AND INFALLIBLE

This exceedingly popu'ar medicine has been tried in more than five thousand cases, and has never been known to fall in a single instance. This preparation is par-ticularly adapted to the Ague and Fever so prevalent in the malarial districts of the Southern States.

The great superiority of this preparation above others of the same kind is, that it contains no Mineral whatever, nor any ingredient the least injurious, and it has a wide reputation in the Eastern portion of North Carolina, where it has been extensively used for the last twenty years.

Dr. J. Walker's California Vinegar Bitters are a purely Veg. etable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicina properties of which are extracted therefrom without the use of Alcoho The question is almost daily asked "What is the cause of the unpar alleled success of VINEGAR BIT. TERS?" Our answer is, that the remove the cause of disease, and the patient recovers his health. The are the great blood purifier and a life-giving principle, a perfect Reno-vator and Invigorator of the system Never before in the history of the worl has a medicine been compounded possessing the remarkable qualities of VIX EGAR BITTERS in healing the sick every disease man is heir to. They are a gentle Purgative as well as a Tonic relieving Congestion or Inflammation of

the Liver and Visceral Organs, in Bilion Diseases The properties of Dr. WALK-ER'S VINEGAR BITTERS are Aperient, Dis phoretic, Carminative, Nutritious, Lauxa tive. Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious Tat Thousands proclaim TERRIAR BITTERS the most wonder

al invigorant that ever sustained the sinking system. No Person can take these Bit. ters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital or-

gans wasted beyond repair. Bilious, Remittent, and In termittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States especially those of the Mississippi Ohio, Missouri, Illinois, Tennesse Cumberland, Arkansas, Red, Colo rado, Brazos, Rio Grande, Pear Alabama, Mobile, Savannah, Ro anoke, James, and many others with their vast tributaries, through out our entire country during the Summer and Autumn, and remarks bly so during seasons of unusua heat and dryness, are invariably accompanied by extensive derang ments of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these vari ous organs, is essentially necessary There is no cathartic for the purpequal to Dr. J. WALKER'S VINEGA BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver and generally restoring the healthy func

tions of the digestive organs. Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Head ache, Pain in the Shoulders, Cough Tightness of the Chest, Dizziness, Soi Eructations of the Stomach, Bad Tast in the Mouth, Bilious Attacks, Palpit tion of the Heart, Inflammation of the Lungs, Pain in the region of the Kidney and a hundred other painful symptoms are the offsprings of Dyspepsia. One boxtle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affect tions, Old Sores, Eruptions of the Skin. Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VIN-EGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases. For Inflammatory and Chronic

Rheumatism, Gout, Bilious, Remit-

tent and Intermittent Fevers, Disease

of the Blood, Liver, Kidneys and Bladder these Bitters have no equal. Such Diseases are caused by Vitiated Blood. Mechanical Diseases. - Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are sub ject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S

VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipe-las, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and iemoved. No system of medicine, no ver-mifuges, no anthelminities will free the

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obor Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
